

WHAT IS PATIENT PORTAL

We are pleased to offer secure online access to your medical information through our patient portal. Your patient portal allows you to view your labs results, view and schedule appointments, request medication renewals and refills, communicate with your provider and much more.

If you are interested in joining our patient portal, provide us with your email address when asked so we can send you an invitation to set up your secure online account. For more information, ask any member of our healthcare team.
