

Martin County Hospital District, in coordination with local police, sheriff, fire and Emergency Medical Service (EMS) agencies will conduct an Active Shooter exercise on August 25<sup>th</sup> 2022 at 4:00pm. This exercise will help streamline processes during times of actual emergencies or events. For guests and visitors at the hospital during this time, you may see officers, deputies, and EMS staff throughout the facility. Training will be conducted without interruption of actual hospital functions. As always, Martin County Hospital District strives to ensure the availability and viability of patient-centered primary and specialty care in a rural setting.”

**Please be advised: This is only an exercise and any information that may be heard via radios or other sources should be disregarded.**
